As a general rule, a Needs and Resources Analysis form (32290) and, where the amount involved exceeds \$2500, this form, Needs and Resources Analysis Supplement, (32291) should be completed to:

1. Analyze individual and family needs.
2. Identify individual and family resources.
3. Identify additional needed resources and how such will be provided.
4. Make work assignments so that the recipient of Church assistance may work to the extent of his or her ability for commodities, services, or funds received.
